HEIRLOOM OCEANFRONT

The setting has long been admired on Sunset Drive - a small acreage of level lawns and colourful gardens and an impressive H. Schubart designed home proudly sited upon a 1.8 acre promontory. Inspiration for the home's unified architecture was derived from Frank Lloyd Wright's passion for open living spaces and large panes of glass to solidify structure to site. The sensible layout and generous scale were held in high regard and perfectly balanced to the wide swath of shoreline. For all the home's amenities, it is perhaps the ability to access from your door, the beach, dock and some of the best sailing waters in the world that leaves a lasting impression.
