COASTAL CONTEMPORARY

This sophisticated seaside contemporary confidently steps up to the cutting edge with professional interiors that are here and now! A dramatic nod to beach house tradition mingles with a modern sensibility and understanding of luxury. Bright whites trip the light fantastic while dramatic darks ground and steady. A kitchen created for coastal gathering features oceans of marble and high performance appliances. Bed and bath design is magazine quality and ready to pamper. The sensational home theater and integrated audio systems are state of the art and user friendly. Ample decks, stone walled gardens, oceanview spa and substantial boat dock. A remarkable opportunity!
